ANNUAL REPORT 2019-2020**INTRODUCTION**

The National Cadets Corps (NCC) is one of the biggest youth voluntary organizations in India which started on 15 July 1948 aimed at grooming the youth into disciplined and patriotic citizens. It is a Tri-services organization, comprising Army, Navy and Air force. The NCC provides opportunities to the youth of the country for their all-round development with a sense of duty and discipline, commitment, dedication and moral values, so that they can become able leaders and useful citizens.

The Naval NCC Subunit of Sree Narayana College, Kollam started on 01 September 1969 with an authorized strength of 50 cadets. The Naval wing of our college is attached to 3(K) Naval Unit NCC which comes under the control of NCC Kollam Group Head Quarters. This year we successfully reached the 50th year of its birth on 01 September 2019 and decided to celebrate its Golden Jubilee Year by conducting many programs throughout the year. In addition, the unit also decided to form an Alumni Association of Ex cadets.

50th year of existence is a feeling of joy; a spirit of oneness and a sense of gratefulness pervade every member of the NCC Family. Fifty years is a landmark that makes us look back with gratitude at the path trod by our forerunners. With this introduction, it is my privilege to place before you a brief report of the activities and achievements of NCC cadets, Sree Narayana College, Kollam for the Academic year 2019-2020. Swatchhta Pakwada: 07 December 2019

'Plogging' is a combination word formed from 'jogging' and 'plocka upp', which is Swedish for 'pick up'. It refers to an emerging international trend, in which someone picks up trash while jogging or brisk walking as a way of cleaning up litter while also taking care of fitness.

The trend was started in Sweden by Erik Ahlstrom in 2016. During his commute to work, Ahlstrom would frequently come across litter that would remain on the streets for weeks without anyone picking it up. This prompted him to pick up the trash during his commute and dispose of it. Eventually, he included the clean-up in his daily running and exercise routine.
